

# HEY, YOU, GET ON TO OUR CLOUD & SAVE OPEX

## From Setup to Service—How More Security Pros Are Winning With Easy MVP Cloud Access™

### ✓ One Low Price for All Doors

No confusing matrix—one affordable flat rate makes it easy to quote, budget, & scale.

### ✓ Supports New & Existing Continental Panels

Compatible with all CI controller types (2100, 1300, 2800, CA-2, CA-4).

### ✓ Also Supports Alarm Lock Wireless Locks

Effortless native integration with top-rated Trilogy Network™ & Designer ArchiTech™, proven long-life battery use & low-maintenance for all doors.

### ✓ Use with App or Any Browser

Easy control & setup—mobile or desktop access, no IT skills required.

### ✓ No On-Prem PC or Database Needed

Cloud-hosted means faster installs, less support, zero server hassle.

### ✓ Unlimited Users - Always

Never outgrow the platform—expand freely without added costs.

### ✓ Scalable from 1 to 16,000 Doors

Perfect for single sites or multi-location enterprise accounts.
